Issue 39 - October 2011

Hull Compact Awards 2011

Hull Compact helps students to develop their potential and contribute to the quality of the workforce by setting certain goals.

We are extremely pleased to report Andrew Marvell students gained a KS4 bursary of over £2000. 24 Students were invited to join other secondary schools to the ceremony at Middleton Hall, Hull University to receive their awards and a further 22 students received awards by post.

Congratulations

Mrs Fothergill took 5 Year 9 boys to HETA headquarters to the final of a competition that required the building of a remote control car to race around a track. There were many factors involved including the fastest time, cost, team work and communication. Andrew Marvell College won the competition beating Malet Lambert, Sirius and Hull Trinity.

The students received medals and a trophy to display in school.

Congratulations to Lewis Ross, Joe Trowell, Will Ward, Joe Graham & Kane Rosenquest.

Co-op Learning Event

Year 8 pupils attended a Co-op learning event at the York Railway Museum courtesy of 'The Pioneer Co-operative Trust'.

They learnt about the Co-op values and principles and were given some background information on Co-op campaigns such as Bee Plan and Fair Trade. The students took part in several activities led by an organisation called 'envision'. Envision is a charity supporting young people giving them the opportunity to make a difference. They played educational games and 2 of our students achieved full marks. They were the only students that attended the day to get 10/10! In the afternoon the students engaged in an activity looking at issues in our school, community, nationally and globally they then looked at reasons and possible solutions. Their ideas were very interesting. The issues they saw nationally and globally were fantastic and showed that they really were aware of current issues as they commented on jobs and the recent riots.

All of the pupils were an absolute pleasure to take on the trip. They were very well presented, extremely polite and really enthusiastic. Well done!

The Pioneer Co-operative Trust Pupils Grant

The Pioneer Co-operative Trust is offering a £1,000 grant for pupils at Andrew Marvell College to apply for. If you are a pupil at Andrew Marvell College involved in a special project or activity and are looking for small funding to help support you then it is probably worth you applying for the grant. If you participate in a special sport and would like help to buy the specialist equipment/clothing then again it maybe worth you applying for the grant.

If you would like to apply then please contact Kerry-Ann Burrell on 01482 710923 for an application pack.

The deadline for all applications is Friday 2nd December with successful applicants being informed before the end of the term.

Pioneer Trust Card

Andrew Marvell College supported by the Pioneer Trust launched an exclusive discount card aimed at the parents/carers of pupils at Andrew Marvell College, the staff of Andrew Marvell College and business and community partners of the College.

What is the purpose of the Pioneer Trust Card?

The trust card aims to give local businesses and services in East Hull the opportunity to work in partnership, promote and market their discount offers to all holders of the Pioneer Trust card.

Benefits for your business

Benefits to business or shop owners are simple! You will have direct access to promote your latest offers to our parents/carers, staff, business and community partners.

How do card holders know where they can use their card and what discounts are available?

All businesses/services that sign up will have their promotional discount advertised through the college website, the college newsletter, school bulletin, word of mouth and through posters that each business will be given in their joining pack to put up in their own organisations.

Signing up.....

Simply contact Kerry-Ann Burrell at kburrell@andrewmarvell.hull.sch.uk or call 01482 710923.

Charity Walk

On Tuesday, 25 October representatives from Andrew Marvell College took part in the 'Beverley 20' Challenge to help raise money for Andrew Marvell College, Dove House Hospice and Help for Heroes. Their efforts and support will help make a difference to the lives and people of those connected to the Charities. Andrew Marvell College will be using the money they raise to help support the new Vivo miles reward system which has shown to help, encourage and praise deserving students.

Meet the Trustees

Kevin Lister

I have worked at Andrew Marvell College since 2005, in the first instance as Deputy Head and in April 2011 was appointed as the Headteacher. Andrew Marvell College is a vibrant educational establishment and continues to go from strength to strength in achieving record examination results over the past 5 years. All of our community are looking forward to the new Building Schools for the Future scheme providing us with a fantastic new building fit for 21st century learning in January 2013.

Mary Harker

Born and educated in Hull, I live with my partner, Paul and 2 sons, Kevin and Jordan in East Hull. I have been a governor at Andrew Marvell College, originally as a parent governor and, as my sons left the school, I was appointed as an LEA governor. I was elected as chair of governors in December 2009. I am employed by the Local Authority as a Senior Governor Support Officer. This involves advising and training governors, and developing their 'critical friend' role.

Giles Hall

I have worked for the Co-operative movement for over six years and strongly believe that our values and principles provide an excellent template for a school community to succeed through engaging with its local community, pupils and staff. As representative at Andrew Marvell from the Co-operative Group I am looking to help foster the co-operative difference at the school through my experience, skills and belief in the co-operative values and principles.

Barbara Allan

I am deputy dean in the Business School at the University of Hull, and have worked in further and higher education for more than 20 years. I am now director of the Research Centre for Innovations in Business and Management Education, and this helps me to support student learning in many different ways. Within the Business School, we support many activities to help young people develop their understanding of the business world and consider advancing their careers through further study.

Finally, I am also a trustee and deputy chairperson for the Hull and East Yorkshire Community Foundation, and this role helps me to contribute to the wider community particularly with respect to corporate social responsibility.

Rob Fuller

Having previously joined the board of Trustee's as the Health and Wellbeing Manager for NHS Hull, I am now self employed having set up my own company, Twist Solutions Ltd (www.abouttwist.co.uk). Twist Solutions provides effective solutions for Health, Education and Sport. We are engagement specialists and provide opportunities to enhance educational attainment and experiences, improve and understand more about health and create participation into sport, in particular community sport.

My passion for community engagement and development stems from my time as a Senior Community Development officer for the Hull Kingston Rovers Education and Sport Trust. I have developed and implemented several successful programmes into local schools including the Mentor Mate project which is still running to date at Andrew Marvell College. I have also been responsible for creating the East Hull Sports Strategy alongside The Rt Hon John Prescott MP. Away from work I enjoy anything relaxing aside from my obsession with exercise and running a business!

Steve Alltoft

I am very proud of my work with the local community which has been a passion of mine for most of my life. I am dedicated to helping others reach for their goals. From 1969 – 1996 I worked for the Employment Service (Now Jobcentre Plus). I helped to set up Probe in 1996. Probe now employs over 50 staff with a turnover of over £2 million per annum and operates as a not for profit social enterprise. Probe deliver a range of services to help build safe, thriving neighbourhoods and strong local economies – helping local people into employment, providing training, creating sustainable jobs, encouraging new business start ups and undertaking extensive home security, environmental and youth inclusion activities. I am also a director of: Preston Road Neighbourhood Development Company, East Hull Community Farm, East Hull Transforms Ltd and Goodwin Community Trading.

Lynne Richardson

I am currently the Director of Young People's Learning for the Hull College Group and in this role I am responsible for the development and implantation of the Hull College Group's 14-19 Strategy. I also lead on the College's 14-16 provision which includes the delivery of vocational qualification routes to over 1400 young people on a weekly basis.

I have worked in the FE sector for 16 years and although I have spent much of that time in teaching, my professional experience also includes the strategic development of a comprehensive tutorial programme across the college incorporating value added and enrichment. I am also a qualified Social Worker and prior to commencing at Hull College worked for several years as a Social Worker for Humberside County Council.

Harvest Appeal

Students have been supporting Hull Food Bank by collecting food donations for their Harvest Appeal.

11KLa are pictured with food for the Harvest Appeal Oct 2011.

We are still waiting for contributions from 2 members of the group (who have been absent at the moment) so 28 members of the group have donated so far.

In addition to the food displayed in the picture a number of pupils donated some money instead and this will be used to purchase appropriate food to be donated.

I am very proud of the contribution and enthusiasm showed by 11KLa to this worthy cause.

VIVO Miles

Vivo Miles is a reward system that actively supports positive behaviour and “Every Child Matters”. It is an award-winning rewards platform for schools, allowing staff to award students electronic points called “Vivos”, redeemable on a wide selection of rewards from a customisable catalogue. Designed by schools for schools it is now used in 80 Local authorities, and has proven its ability to improve student motivation as well as raise attendance and GCSE grades.

Vivo is designed in such a way that it looks and feels to students a lot like their first bank account. With the currency being the 'Vivo' and good old fashioned hard work being the way to earn 'Vivos' it presents a unique opportunity to teach some important personal finance lessons. Saving up for something over a longer term and budgeting and managing an account are all covered by the Vivo system.

The Vivo Miles shop offers students the chance to redeem their hard-earned Vivos on a range of approved goods such as mobile phone top up cards, clothes shop vouchers, mobile phone charms, iPods and many more gifts. Vivo Miles also gives students an alternative opportunity and allows them to donate their Vivos to charities of their choice.

The system also has a Parental Engagement Platform that has been designed to positively "engage and inform" parents. Parents/guardians can create their own personal Vivo account and view information relating to their child's rewards.

Parents/guardians have the option to receive updates by email and can access their account whenever they have access to an internet enabled PC.

Young Historian of the Year Winner

For the second consecutive year an Andrew Marvell pupil has won the Young Historian of the Year prize in the nationally run Young Historian project, run jointly by the Normandy Trust and the Historical Association.

Bethaney Hopkins produced a series of 'letters from the trenches' and won the top prize for her work on World War 1. The judges commented, ***"They considered her work and the way it was presented as outstanding."***

Bethaney won £100 of book tokens. Our congratulations go to her for her fantastic work and achievement in winning this prestigious national prize.

Year 10 Pupils visit the Temple of the Greek God of Healing

Yasmin Broughton suffered from terrible 'green boils' disease. Hence she went on a pilgrimage to the Asclepion, where she was guided through prayer and sacrifice by Priest Lauren Smith before the God of Healing himself - Asclepios - in the guise of Violet Middleton healed her with his snake.

Homework for this term

Year 7:

Who was the greatest person in the last 100 years? Plenty to choose from!
Write your own Roman story – well can you? We look forward to reading Roman tales.

Year 8: Make a Renaissance mask – already we are seeing some beautiful masks.

Persuade people to go on a voyage of exploration with your Explorer poster!

Year 9: Who was the greatest Victorian? Write your own Historical short story set during the cholera epidemic in Hull in 1849. Be the next Charles Dickens!!

But make sure you get your homework in on time to be in with a chance of one of the fabulous prizes!

History Homework Prizes

Year 7 Medieval Games

Once again we had some varied games depicting life in the Middle Ages from Top Trumps to Chess. All very well researched and presented.

Winners: Nicole Allen, Lewis Cook, James Hall, Jon King and Jack Davison.

Year 8 Playing Cards

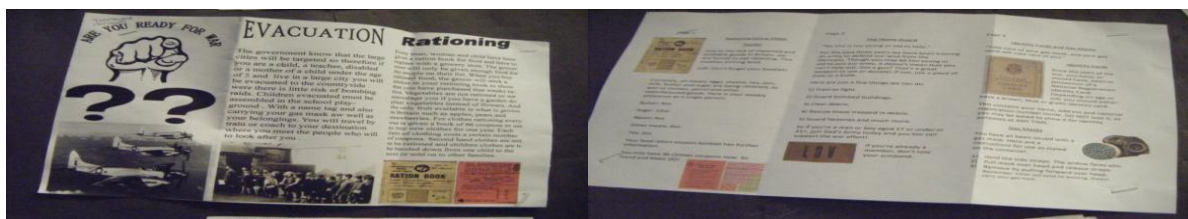

The 17th century playing card task brought out the creativity of Year 8 students. We had some well thought out and executed designs depicting events from the 16th and 17th centuries. For example The Plague of London, Fire of London, Spanish Armada, Henry VIII and the Gunpowder plot.

The final winners: Hollie Myers, Kye Purkiss and Liam Mulligan.

Year 9 Preparations for WW2 Leaflets

Year 9 produced leaflets explaining how Britain prepared for World War Two. Gas masks, air raid shelters, rationing and evacuation were just some of the ways the government tried to protect the civilian population.

Winners for their fantastic (and informative) leaflets were: Sam Carmichael, Ashleigh Gurnell and Tremayne Harrison.

Andrew Marvell History Club gets underway!

This club meets on Tuesday lunchtimes from 12.45pm until 1.20pm to 'Make History'! This term we are making Roman shields. So if you would like to 'Make History' come along to N3 and join us. Future projects will include a commemorative book and time capsule to mark the opening of the new building, making an illuminated manuscript and building a castle.

Be part of History and join us.

Poems by Year 10

Year 10 are studying the poem *Limbo* from *Poems from Other Cultures*, which is about Slavery. It has inspired them to write their own.

Slave Ship

I'm on a stage without a script
I'm a puppet whose strings
have been clipped
I'm a man who's chained to
a bed
I'm a child who's begging to
be fed.

I'm a machine that's running
out of power
I'm a conquer being made to
cower
I'm a balloon being held
down with string
I'm a bee without his sting.

I'm a fire without the wood
I'm a coat without the hood
I'm a man scared of a whip
I'm a slave aboard a ship.

Leah Dean

Under the deck

Under the deck,
It is a wreck
So many die
I don't know why.

Women, Children, Men
Didn't know when.
They were just taken
Now are forsaken.

Bound by chains
All different names.
Fear in the air
No-one even cares.

Laid in a small bed
Haven't been fed
It is so cold
We are soon to be sold.

Jordan Holmes-Fox

Long time ago

Long time ago,
In a land of freedom,
I was a king loved and cared for.
Now taken from my peace,
And trapped with dem below,
Wid' other free spirits, trying to
escape.

Now I'm in chains,
Watching my people die from
sorrow.
Children dead, now in filth.
The Gods they do not praise us,
But in faith I still believe.

Brother, Sister, Daughter and
Son,
Taken from their families.
Men from the other lands,
They laugh and stare as we are
judged,
Now are condemned to another
demon.

Netball

Well done to our Year 7 netball team. They played 5 games in a tournament as an introduction to netball in secondary schools, and did a splendid job winning 3 of their first ever games.

The girls played really well as a team and improved during the tournament. Well done girls and please remember to come training on Tuesday nights 3.30pm-4.30pm with Mrs Peachey.

Year 7 Netball Team

Year 9 Netball Team

Our Year 9 team have put in a massive amount of effort into their games and improved throughout each match played. Well done to everyone.

Ice Hockey England Under 13's National Team 2011/2012

Congratulations to Aaron Lyons who has been selected to represent England at ice hockey. Aaron will play in the Under 13's team for 2011/2012 season. The team will travel to Quebec to part in The 53rd Quebec International Pee-Wee Hockey Tournament. For more information on the tournament, please see www.tournoipee-wee.qc.ca.
